PRESTIGE GOLFSHIRE CLUB

Dear Reader

As we move into September and experience this amazing weather at the Prestige Golfshire Club it is a perfect time to reflect on the month gone by and all that has happened in the world of golf and of course the Olympics.

August saw the last of the qualifying rounds for the Fed Ex Cup take place on the PGA Tour with Scottie Scheffler stamping his dominance on the world #1 position by winning the Gold medal in Paris and also going into the Fed Ex Cup finals in Atlanta with a commanding lead in the points race for \$20 Million first prize.

Its ironic how the athletes in Paris participating in the Olympics did it all for the love of their sports and representing their country but two weeks later are back playing golf for a \$20m first prize purse at East Lake in Atlanta!

Meanwhile on the Ladies Tours in the US, the female professionals are playing for a total of \$3.8m this week in Norton just outside of Boston at TPC of Boston.

Next week the Ladies head to Virginia for the Solheim Cup the bi annual event between the USA and Europe. In recent years the Solheim Cup has taken on the same trend as the Ryder Cup with Europe dominating over the past few matches.

Lydia Ko the 27 year old New Zealander has managed over the last three Olympics in Rio, Tokyo and Paris to win a Bronze, Silver and Gold Medal since golf was reintroduced to the Olympics in Rio eight years ago. At 27 the Orlando based Kiwi also cemented her place in the World Golf Hall of Fame and then last week went on to win the AIG Ladies British Open at St Andrews. This was no doubt to send a message to the golfing fraternity that she really is a force to be reckoned with after the press had written her off recently as being burnt out.

Meanwhile back at Golfshire, we will host the Trinity Golf League tournament next week with eight teams from across India and Sri Lanka competing for a prize purse of ₹20 Lakh for the winning team.

There is a total of 16 Male Professionals and 16 Female Professionals competing in the event with the likes of Pranavi and Vidathri Urs, Avani Prashant, Diksha Dagar, Kalin Joshi, Angad Cheema, Rahil Ganjee and Akshay Sharma.

The event will run between Tuesday and Saturday and there will be some exciting golf to watch during the course of the week. Spectators are welcome to come out and watch the event.

Meanwhile at Golfshire we have completed some much needed fairway topdressing and green renovations last month. Ben and his team completed the work quickly and the results are already evident. Bens commitment to presenting the golf course in its best condition is very obvious as he and his team continue to make Golfshire India's best golf course and golf destination.

With the work complete, the next Prestige Masters Series by Table Space qualifying leg is scheduled for Saturday September 21st. The event this year will extend to one extra qualifying round with the final being held on Saturday December 14th.

We are also hosting the annual Back on Black event on Friday 15th of November and the International Trophy on Thursday 17th of October 2024.

For those of you that have visited the Clubhouse recently you will have seen the renovations to the concourse and poolside area as well as the Men's Locker Rooms, Gym and Meeting rooms are well underway. We are expecting a November completion date for this work.

We apologise for the inconvenience caused, but assure you that the wait will be well worth it.
